Sales manager,
Aircell mobile co.,
Gujarat Area.
Date
September, 25-2011.

To,

The General manager,
Aircell mobile co.,
New-Delhi.

Sub:- Decline in the sales
of our product.

Sir,

I want to draw your attention that our company is producing cell-phones mobile. Our product is one of the best product and people also like to purchase. In India our company is leading in selling our product. We producing number of varieties of phones. In previous there were about more than three lakhs hand-sets were sold. But recently in Gujarat area the sales of our hand set mobile phones is declined. The reason behind

it there are some faults in recharging the batteries, while recharging blasts were occurred at many places. If person buy our hand set and it blasts, he will never buy this product again. This problem is done in only in our hand-set piece C-2-5. ~~So~~ I and with my team has surveyed and found that in our handset - C-2-5 is heat more and some of the batteries blasts. So, I kindly request to you do some necessary steps for it.

07

yours faithfully.

X. y. Z.
(sales manager
Gujarat Division)

Title :- Woman is true parents.

OR

Role of women in child-rearing.

From history women has proved better parents. It is necessary to appreciate fully the roles of both sexes. Women have their less aggressive natures and better communication skills. From child hood girls see their mother in the same roles, play with dolls, and identify female activity. While boys may adventures, and aggression in crime and war. In rearing children more patient and gentle manner are needed. Women tend to be better communicators than man. Communication is of utmost important in rearing children.

Q-1

Essay Writing

(A) The price rise and the common man.

Now a days we read in news papers 'price hike', 'A man suicide due to dearness', 'what is government doing?'. Such types of headlines of news papers have become common. The price of things is increasing with bound and hope. In last ten years every thing is become more costly and it is ^{3 time} more costly than in 1980's. For the price hike there are many more reasons behind it. The government export - import policy, tax, high price in petroleum like petrol, diesel kerosene, etc., Lack of irrigation in our country and hence not enough crop is grown, population growth, irregularity of rains, droughts, strikes, etc. effects the dearness.

We can found high-prices all over the world. In recently in Egypt there were about 4 lakh people, had marched

against the government for high price. In India there is also adverse conditions. The high price has affected all the people. By dearth the common people is likely to be affected more because the common man has limited income and in his limited income, he has to run his house, social customs, to pay the fees for children, to wed their children. While rich man has good income, and so that he can purchase anything he wants. And the poor people, how can they run their family. Many suicide is occurred due to high price. Man is starving. The common man has to remain in society, he keeps his checks read by showing, but if we find its bank balance there is debt on it. In hotels we find onions and other things are become invisible, dishes become shorter and little. With the hike in prices, a man drawn to purchase cheaper grains and things which are inferior in quality, and so that total or enough nutrition not get.

A common man is not able to buy even good fruits. Milk became invisible from its daily menu. He cannot afford to have good cloth. A man became poor and inferior. With the hike prices, man leads towards crimes like robbery, theft, loot...etc.

Government should take some necessary steps to disgress in high prices. Govt. should change in their policies, and reduces taxes, ~~promote~~ They should provide food grains at cheaper rate to poor people, and also open more fair prices shops. They have to promote more agricultural activity and small industries. They have to take necessary steps against having black money and who stored grains the illegle way. Govt. should stop of stoke-broker and also remove the fixation from class-3 & 4 employees Govt. should pay them full-salary. Before ~~some~~ days ago Recently government has declared defination for the porerty is, I think govt. should rethink on it.
