Q. 3 (A)100 DIED IN DERAILMENT

(PTI)

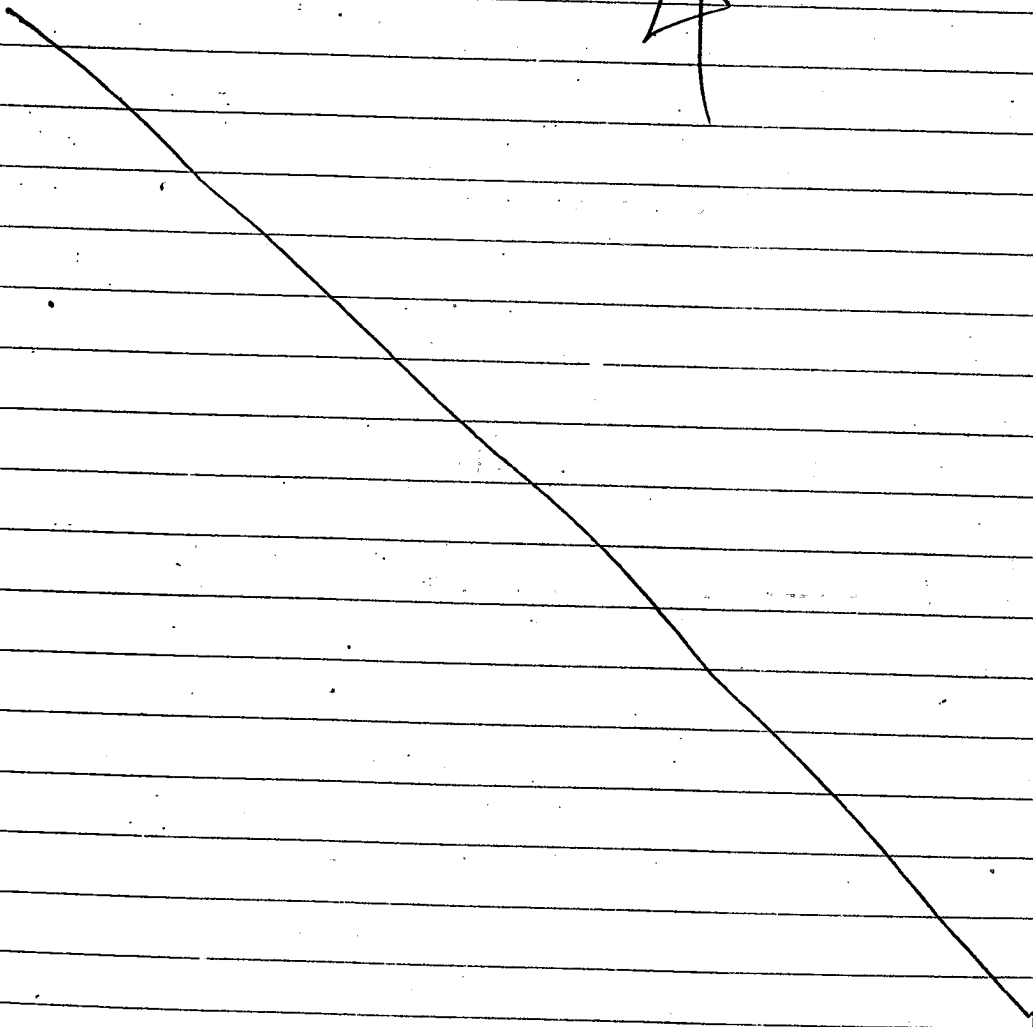

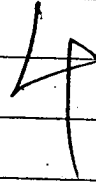

Ahmedabad, 26 May, 2012

Last night, there was an accident near Kalupur Station, Ahmedabad. More than 100 people died and 250 people were injured in this derailment. This accident was taken place because of the disarrangement and careless service of railway authority. The officials of health department came to the spot and helped the injured people. The people who are seriously injured were taken away to the hospitals of Ahmedabad. The Railway Minister and other politicians also came to the place. The Minister announced that the government would give 1-1 lakh rupees to the died and the expense of the hospits for the people who were injured seriously.

The investigation team also came to the spot and tried to find the

real result of an accident. The families of the people who ~~was~~ were traveling also came to the spot as soon as they heard about an accident. People of the local areas also gathered at the place.

The officials of the railway department were arrested at a time who were considered responsible for this accident. Then the authority tried its well for the people.

Q. 4

પુસ્તકો એ બીજું કંઈ નહિ,  
 પણ માનવીય કલ્પનાઓ અને સર્જનાત્મકતાની  
 ઉત્તમ નોંધો છે. એક સારું પુસ્તક લોકોના  
 અનુભવો અને સંબંધોનો નોંધ છે. તે વાલો,  
 માણસ કે નવલકથાના ક્ષેત્ર પાત્રો દ્વારા ભુવનની  
 વાસ્તવિકતાઓને પ્રતિબિંબિત કરે છે. પુસ્તકો  
 ઉલ્લેખ કરે છે, મનોરંજન આપે છે, વિચારશક્તિ  
 વિસ્તારે છે, શીખવે છે અને પ્રેરણા આપે છે.  
 તેઓ માનવતંત્રનું ઘડતર કરે છે, સમજશક્તિની  
 શુદ્ધિકરણ કરે છે, માનસિક ક્ષતિઓને વિસ્તારે  
 છે, સામાજિક સમસ્યાઓ અને જગતી વધારે  
 છે અને વિવિધ ક્ષેત્રોમાં આપણા વ્યક્તિત્વને  
 સમૃદ્ધ કરે છે. પુસ્તકોની લોકો પર શક્તિશાળી  
 અસર હોવાને લીધે જ શાલકો તેના પર  
 પ્રતિબંધ મૂકે છે આખા સપનાવી છે છે.  
 કલમ એ વાસ્તવિક રીતે તલવાર કરતાં  
 વધુ શક્તિશાળી છે. ઉજ્જવળ સમાજ એ  
 જે લોકો વાંચે છે અને વિચારે છે તેનું  
 પરિહાસ છે. આથી પુસ્તકો બનીને,  
 તેમને વાંચી અને સાચા વિચારશીલ  
 માનવ બનાવે.

Q. 1

The Price Rise And The Common Man.

Today, our country has been facing lots of problems such as population, poverty, lack of nutrition and corruption. The one big problem of today is price rise and the condition of a common man because of it.

Some days ago, there was a title of price rise in the newspapers, "7.50 rupees increase in petrol". It is not an astonishing, but a normal news, because occasionally these types of news we see at the front of the newspaper. But the question is about the condition of a common man related to the price rise.

"आमदनी अडुणी शर्वा रुपया।"

The above line is the presentation of the real condition of a common man. He can't afford the price of the basic needs like-

health, food and education of his children. So, price rise gives birth to other problems like illiteracy, lack of nutrition and poverty. Who is responsible for this condition? Some politicians are also responsible for this. There are schemes by government to give consolation to the common man in a form of subsidy. But the reality is different. NRIHM scam in UP is the example of the real condition that the common man does not get the real profit of schemes. The rich people becomes rich more and more and the poor become poor more and more.

" એ ગરીબોના ડુબામાં વેલોગુ રીયું રીયું  
 ને અમીરોના ડુબા ૫૨ ધીના ધીના કીય છે."

— Kashandas Memek.

The sentence represents the waste of the money and other sources which gives birth to price rise. Is it possible to remove this inflation and make the common man free from price rise? The answer is yes. We have to be awakes about

our rights and ask for them  
in front of the government. We  
have to fight (not physically)  
against government to  
eradicate this problem. More  
than it there are also lots of  
formulas to cure this problem,  
but the limit of words does  
not <sup>allow</sup> me to write more.

"If you think, you can do,  
you can do,  
if you think, you can't do;  
then you are right also."
